GOV. ANDERSON TO SPEAK AT UM
FORESTRY SCHOOL'S "EARTH DAY"

MISSOULA--

Gov. Forrest H. Anderson will be the featured speaker at the University of Montana School of Forestry's observance of "Earth Day" April 22.

"Earth Day is a nationally organized day for environmental education," said Dr. Thomas J. Nimlos, an associate professor of soils at UM who is Earth Day coordinator.

"Two goals of Earth Day," Dr. Nimlos said, "will be to explore ways to make life better, not just bigger and faster, and to re-examine the ethic of individual progress at mankind's expense."

According to Dr. Nimlos, the UM forestry school will dismiss classes on Earth Day so that students and faculty can participate in a day-long "teach-in" which is still in the planning stages.

"Gov. Anderson's evening address at the University Theater," said Dr. Nimlos, "will culminate the day's activities. The general public, as well as students and faculty, is invited to attend this session."
